For Immediate Release

BOSTON, November 6, 2017 – The Board of Trustees of Liberty All-Star Equity Fund (NYSE: USA) has declared a distribution of \$0.17 per share payable on January 2, 2018 to shareholders of record on November 17, 2017 (ex-dividend date of November 16, 2017). This distribution reflects the Board of Trustees decision to increase the Fund's distribution policy from an annual rate of approximately 8 percent (2.0 percent quarterly) of net asset value to approximately 10 percent (2.5 percent quarterly). A portion of the distribution may be treated as paid from sources other than net income, including but not limited to short-term capital gain, long-term capital gain and return of capital. The final determination of the source of all distributions in 2017 for tax reporting purposes, including the percentage of qualified dividend income, will be made after year-end.

The distribution will be paid in newly issued shares to all shareholders except those who are not participating in Liberty All-Star Equity Fund's Dividend Reinvestment Plan and who elect to receive the distribution in cash. Shares will be issued at the lower of the December 15, 2017 net asset value per share or market value per share (but not less than 95% of market value). The market value of the Fund's shares for this purpose will be the last sales price on the New York Stock Exchange.

The Fund does not continuously issue shares and trades in the secondary market, investors wishing to buy or sell shares need to place orders through an intermediary or broker. The share price of a closed-end fund is based on the market's value. The Fund's shares are listed on the New York Stock Exchange under the ticker symbol USA. ALPS Advisors, Inc. is the investment advisor of the Fund, a multi-managed, closed-end investment company with more than \$1.3 billion in net assets as of November 3, 2017.

*Past performance cannot predict future results.
An investment in the Fund involves risk, including loss of principal.
